HAMMER
CONSTRUCTION 3 5G MILITARY EDITION

A smartphone designed for professionals and tech enthusiasts. Equipped with practical tools, such as a wall cable detector and a laser rangefinder, it's perfect for both work and everyday tasks. An advanced camera with optical image stabilization, a night vision camera, and fast 5G connectivity with eSIM support ensure it's fully ready for action in any conditions. The smartphone also utilizes **HEXCore technology**, which provides additional protection against kinetic damage.
