

**MSI MPG CORELIQUID P13 sistema de refrigeración para ordenador Procesador Sistema de refrigeración líquida todo en uno 12 cm Negro 1 pieza(s)**

Marca : MSI

Código del producto: MPG CORELIQUID P13

Nombre del producto : MPG CORELIQUID P13

MSI MPG CORELIQUID P13. Tipo: Sistema de refrigeración líquida todo en uno, Diámetro de ventilador: 12 cm, Tipo de soporte: Rodamiento de bolas. Color del producto: Negro

| Desempeño                                           |                                              | Diseño                                 |                   |
|-----------------------------------------------------|----------------------------------------------|----------------------------------------|-------------------|
| Localización adecuada *                             | Procesador                                   | Ajustes de brillo                      | ✓                 |
| Tipo *                                              | Sistema de refrigeración líquida todo en uno | Tipo de visualizador                   | IPS               |
| Diámetro de ventilador                              | 12 cm                                        | Tamaño de la pantalla (HxV)            | 480 x 480 mm      |
| Sockets de procesador soportados                    | LGA 1700, LGA 1851                           | Control de energía                     |                   |
| Máximo flujo de aire                                | 64,898 cfm                                   | Consumo energético del ventilador      | 1,68 W            |
| Compatible con modulación por ancho de pulsos (PWM) | ✓                                            | Consumo energético de la bomba         | 2,52 W            |
| Tipo de soporte                                     | Rodamiento de bolas                          | Corriente del ventilador               | 0,14 A            |
| Nivel de ruido de la bomba                          | 20 dB                                        | Peso y dimensiones                     |                   |
| Tecnología de rodamiento de ventilador              | Rodamiento de doble hilera de bolas          | Ancho de radiador                      | 39,4 cm           |
| Cantidad por paquete                                | 1 pieza(s)                                   | Profundidad de radiador                | 12 cm             |
| Velocidad de motor de bomba                         | 3400 RPM                                     | Altura de radiador                     | 2,72 cm           |
| Velocidad del ventilador (min)                      | 500 RPM                                      | Dimensiones del ventilador (A x A x P) | 120 x 120 x 25 mm |
| Velocidad de ventilador (max)                       | 2050 RPM                                     | Longitud de cable                      | 8 m               |
| Tiempo medio de fallo (MTTF) de la bomba            | 50000 h                                      | Contenido del embalaje                 |                   |
| Diseño                                              |                                              | Tipo de embalaje                       | Caja              |
| Color del producto *                                | Negro                                        | Tornillos incluidos                    | ✓                 |
| Material                                            | Aluminio, Caucho                             | Otras características                  |                   |
| Material de radiador                                | Aluminio                                     | Material del tubo                      | Caucho            |
| Número de ventiladores                              | 3 Ventilador(es)                             | Número de ventiladores soportados      | 3                 |
| Iluminación LED                                     | ✓                                            | País de origen                         | China             |
| Conector de ventilador                              | 3 pines                                      | Pantalla incorporada                   | ✓                 |
|                                                     |                                              | Datos logísticos                       |                   |
|                                                     |                                              | Cantidad por palé                      | 96 pieza(s)       |
