PHOENIX

SOLAR POWERED NOISE CANCELLING EARPHONES

Unleash the power of light with Urbanista Phoenix, the world's first solar powered earphones with a streamlined charging case integrated with Powerfoyle™ solar cell material. Using advanced green technology, the earphones continuously reload when stored in the self-charging case and exposed to any light, whether natural or artificial. The earphones feature advanced hybrid active noise cancelling technology and noise-cancelling microphones that filter out ambient sounds.

KEY FEATURES
