

NoteBox 16 tablets

NoteBox 16 tablets is a compact storage and charging solution for 16 tablets.

NoteBox 16 tablets is a compact and convenient storage box that can hold up to 16 tablets, iPads or similar devices.

Tablets can be charged inside the locked NoteBox. Either via 16 power outlets or 16 USB A ports.

It's easy to hang NoteBox up in the classroom, staff room or office. Placement of NoteBox is flexible. The compact storage boxes can be placed on a table or hung on the wall. It is also possible to stack the boxes as needed.

NoteBox has a secure cable system that prevents cables from getting lost.

NoteBox 16 tablets

SOLUTIONS

- Designed for storing and charging up to 16 tablets, iPads or similar devices.
- The sturdy box with adjustable partitions protects the devices and provides flexibility in terms of device size with or without a cover.
- The electronics compartment at the rear of the box with a fixed back plate protects against unauthorised access.
- The cable system ensures that the cables do not disappear.
- The box can be placed on a table and stacked, or mounted on the wall as required.
- NoteBox comes with a key lock as standard, and ensures that the devices are kept secure.

DEVICES

Tablets, iPads and similar devices with or without a cover.

Designed for tablets, iPads and similar devices up to 30 mm thick (see the compartment dimensions on page 3).
