

Lenovo 4XB7A17101 unidad de estado sólido 480 GB 2.5" Serial ATA III TLC

Marca : Lenovo

Código del producto: 4XB7A17101

Nombre del producto : 4XB7A17101

Lenovo 4XB7A17101. SDD, capacidad: 480 GB, Factor de forma de disco SSD: 2.5", Velocidad de lectura: 550 MB/s, Velocidad de escritura: 460 MB/s, Componente para: Servidor/estación de trabajo

| Características                    |                              | Peso y dimensiones                                |                   |
|------------------------------------|------------------------------|---------------------------------------------------|-------------------|
| Algoritmos de seguridad soportados | AES                          | Profundidad                                       | 100 mm            |
| SDD, capacidad *                   | 480 GB                       | Altura                                            | 7 mm              |
| Factor de forma de disco SSD *     | 2.5"                         | Peso                                              | 70 g              |
| Interfaz *                         | Serial ATA III               | Empaquetado                                       |                   |
| Tipo de memoria *                  | TLC                          | Ancho del paquete                                 | 174 mm            |
| Componente para *                  | Servidor/estación de trabajo | Profundidad del paquete                           | 133 mm            |
| Encriptación de hardware *         | ✓                            | Altura del paquete                                | 63 mm             |
| Velocidad de lectura               | 550 MB/s                     | Peso del paquete                                  | 434 g             |
| Velocidad de escritura             | 460 MB/s                     | Condiciones ambientales                           |                   |
| Lectura aleatoria (4KB)            | 79000 IOPS                   | Intervalo de temperatura operativa                | 0 - 70 °C         |
| Escritura aleatoria (4KB)          | 30000 IOPS                   | Intervalo de humedad relativa para funcionamiento | 5 - 95%           |
