

eConnect™

Cable is not included

eConnect | Premium Bag

Item no: 712594

eConnect | Premium Bag

Mode 3

Keep your eConnect charging cable tidy, protected and safely stowed in the car with the eConnect Premium Bag.

The bag is suitable for all Mode 3 charging cables and is made from a durable and fireproof material. The ergonomically designed handle makes it easy and comfortable to carry.

Ventilation holes prevent moisture from collecting in the bag during storage and protects your cable terminals from corrosion.

Instructions for use:

The Premium Bag can be fastened by a hook in the trunk of the car, for safe transport.

The zipper can be opened both ways, giving easy access to the cable.

The strap inside the bag keeps the cable in place.

The bag has a pocket inside for your user manual.

Visit defa.com for the range of eConnect cables and accessories.
