

DeepCool ASSASSIN IV VC VISION Procesador Refrigerador de aire 120/140 mm Negro 1 pieza(s)

Marca : DeepCool

Código del producto: R-ASN4-BKNVMD-G

Nombre del producto : ASSASSIN IV VC VISION

DeepCool ASSASSIN IV VC VISION. Tipo: Refrigerador de aire, Diámetro de ventilador: 120/140 mm, Velocidad de rotación (mín.): 500 RPM, Velocidad de rotación (máx.): 1800 RPM, Presión máxima de aire: 3,76 mmH2O, Tipo de soporte: Rodamiento dinámico fluido (FDB). Ancho: 147 mm, Profundidad: 144 mm, Altura: 172 mm. Color del producto: Negro

| Desempeño                                           |                                                                   | Diseño                                     |                   |
|-----------------------------------------------------|-------------------------------------------------------------------|--------------------------------------------|-------------------|
| Localización adecuada *                             | Procesador                                                        | Tamaño de la pantalla (HxV)                | 44,6 x 53,6 mm    |
| Tipo *                                              | Refrigerador de aire                                              | Control de energía                         |                   |
| Diámetro de ventilador                              | 120/140 mm                                                        | Consumo energético                         | 4,8 W             |
| Sockets de procesador soportados                    | LGA 1150 (Zócalo H3), LGA 1151 (Zócalo H4), LGA 1155 (Socket H2), | tensión nominal                            | 12 V              |
|                                                     | LGA 1200 (Socket H5), LGA 1700, LGA 1851, LGA 2011 (Socket R),    | Potencia de diseño térmico (TDP)           | 300 W             |
|                                                     | LGA 2011-v3 (Socket R), LGA 2066                                  | Voltaje del ventilador                     | 12 V              |
|                                                     |                                                                   | Corriente del ventilador                   | 0,2 A             |
| Velocidad de rotación (mín.)                        | 500 RPM                                                           | Peso y dimensiones                         |                   |
| Velocidad de rotación (máx.)                        | 1800 RPM                                                          | Ancho                                      | 147 mm            |
| Máximo flujo de aire                                | 61,25 cfm                                                         | Profundidad                                | 144 mm            |
| Presión máxima de aire                              | 3,76 mmH2O                                                        | Altura                                     | 172 mm            |
| Flujo máximo de aire del ventilador 2               | 58,06 cfm                                                         | Ancho de radiador                          | 14 cm             |
| Presión máxima de aire del ventilador 2             | 2,1 mmH2O                                                         | Profundidad de radiador                    | 11 cm             |
| Compatible con modulación por ancho de pulsos (PWM) | ✓                                                                 | Altura de radiador                         | 16 cm             |
| Tipo de soporte                                     | Rodamiento dinámico fluido (FDB)                                  | Peso                                       | 1,78 kg           |
| Nivel de ruido del ventilador (máx.)                | 29,3 dB                                                           | Dimensiones del ventilador (A x A x P)     | 140 x 140 x 25 mm |
| Cantidad por paquete                                | 1 pieza(s)                                                        | Dimensiones del ventilador 2 (An x L x Al) | 120 x 120 x 25 mm |
| Diseño                                              |                                                                   | Diámetro de tubo disipador de calor        | 6 mm              |
| Color del producto *                                | Negro                                                             | Contenido del embalaje                     |                   |
| Número de ventiladores                              | 2 Ventilador(es)                                                  | Tipo de embalaje                           | Caja              |
| Número de tubos disipadores de calor                | 7                                                                 | Kit de montaje                             | ✓                 |
| Conector de ventilador                              | 4 pines                                                           |                                            |                   |
