

eConnect™

Cable is not included

eConnect | Basic Bag

Item no: 712593

eConnect | Basic Bag

Mode 3

Keep your eConnect charging cable tidy with the eConnect Basic Bag.

The bag is suitable for all Mode 3 charging cables and is made from a durable and fireproof material, with a zipper for keeping the cable in place.

Ventilation holes prevent moisture from collecting in the bag during storage and protects your cable terminals from corrosion. It also keeps your cable away from other items in your car. The bag has a pocket inside for your user manual.

The cable bag can be used with all eConnect charging cable.

Visit defa.com for the range of eConnect cables and accessories.
