

## FSP AE36-B Procesador Sistema de refrigeración líquida todo en uno Negro ARGB

**Marca :** FSP

**Código del producto:** POO0000024

**Nombre del producto :** AE36-B Procesador Sistema de refrigeración líquida todo en uno Negro ARGB

FSP AE36-B Procesador Sistema de refrigeración líquida todo en uno Negro ARGB. Tipo: Sistema de refrigeración líquida todo en uno, Diámetro de ventilador: 12 cm, Velocidad de rotación (máx.): 2300 RPM, Presión máxima de aire: 3,4 mmH2O, Tipo de soporte: Rodamiento de bolas de doble hilera. Color del producto: Negro

| Desempeño                        |                                                                  | Diseño                                 |                   |
|----------------------------------|------------------------------------------------------------------|----------------------------------------|-------------------|
| Localización adecuada *          | Procesador                                                       | Iluminación LED                        | ✓                 |
| Tipo *                           | Sistema de refrigeración líquida todo en uno                     | Iluminación de color                   | Multi             |
| Diámetro de ventilador           | 12 cm                                                            | <b>Control de energía</b>              |                   |
| Sockets de procesador soportados | LGA 1200 (Socket H5), LGA 1700, LGA 1851, Zócalo AM4, Zócalo AM5 | tensión nominal                        | 12 V              |
| Velocidad de rotación (máx.)     | 2300 RPM                                                         | Consumo energético de la bomba         | 3 W               |
| Nivel de ruido (alta velocidad)  | 36 dB                                                            | <b>Peso y dimensiones</b>              |                   |
| Máximo flujo de aire             | 81,7 cfm                                                         | Ancho de radiador                      | 12 cm             |
| Presión máxima de aire           | 3,4 mmH2O                                                        | Profundidad de radiador                | 39,4 cm           |
| Tipo de soporte                  | Rodamiento de bolas de doble hilera                              | Altura de radiador                     | 2,7 cm            |
| Nivel de ruido de la bomba       | 29 dB                                                            | Ancho del bloque de agua               | 6,7 cm            |
| Cantidad por paquete             | 1 pieza(s)                                                       | Profundidad del bloque de agua         | 6,7 cm            |
| <b>Diseño</b>                    |                                                                  | Altura del bloque de agua              | 4,65 cm           |
| Color del producto *             | Negro                                                            | Peso                                   | 1,44 kg           |
| Número de ventiladores           | 3 Ventilador(es)                                                 | Dimensiones del ventilador (A x A x P) | 120 x 120 x 25 mm |
