HAMMER BLADE 6 PRO 5G

A modern smartphone that combines an elegant, business-oriented design with above-average durability. Its slim body houses a powerful processor, fast 5G connectivity, and an advanced camera with optical image stabilization and Night Vision mode. The AMOLED display delivers excellent image quality, while large memory and Android™ 16 ensure a smooth and comfortable experience for both work and entertainment. Despite its slim profile, the smartphone retains full rugged durability thanks, among other solutions, to HEXCore technology, which helps distribute impact forces and reduce their effect on the device's internal components.

Display	6.67" AMOLED 120Hz, 2712 x 1220 px
Memory	12 GB RAM / 256 GB ROM
Processor	MediaTek Dimensity 7400
Cameras	50 Mpx OIS + 64 night vision / 32 Mpx
Battery	Silicone-carbon 5000 mAh, wire charging 45 W, inductive charging 15 W, reverse charging 5 W
System	Android™ 16
Connectivity	5G + WiFi + eSIM + NFC + Bluetooth 5.4
Resistance	HEXCore, MIL-STD-810H, IP69, Gorilla Glass 5

Inductive charging

MIL-STD-810H

IP69 Water and dust resistance

Night vision 64 Mpx

Silicone-carbon 5000 mAh battery

6.67" AMOLED screen

Slim design

50 OIS / 32 Mpx camera
