

Ecoline Brush Pen

11509020 - Ecoline Brush Pen Blender Blender 902

Create beautiful fluid and vivid lines with Ecoline Brush Pens. The Brush Pen is characterized by its flexible tip and extensive range of brilliant colours thanks to its pure, dye-based formula. The transparent colours offer the best results when used on white or very light-coloured paper. If you wish, you can easily decrease the colour intensity through thinning with water or using the Brush Pen blender. These pens are perfect for hand lettering, watercolour drawings, quick sketches and finishing touches.

Characteristics:

- Brilliant colours based on dye and gum arabic
- Convenient pen with flexible brush tip
- Blend colours with water and a brush for beautiful watercolour effects and seamless colour transitions
- Apply to wet paper for wet-on-wet techniques
- Adheres well to watercolour paper, drawing paper and cardboard
- Store horizontally so the dye stays evenly distributed throughout the pen
- Bring dried out nibs back to life by moistening them with some water
- Store your artworks in a portfolio for optimal colour retention

Target group

10+

Content

Using the special Brush Pen blender, colours can be mixed or subdued, and some wonderful wash effects and colour transitions can be created.
