USB Type-C™ Network Adapter 10 Gigabit LAN 1 x RJ45

High speed: Data transfer rates up to 10 Gbps

This USB network adapter by Delock offers a reliable and fast network connection. With a transmission speed of up to 10 gigabits per second, it enables efficient working and smooth streaming.

Compact and lightweight design

The compact and lightweight design makes the adapter ideal for use on the go or in the office. It also ensures a stable and secure network connection with consistent performance. The adapter is compatible with Windows, Mac OS and Linux, making it very versatile.

NBASE-T for higher speed

Modern services and new technologies require higher bandwidths. NBASE-T technology enables speeds of 1 Gbps, 2,5 Gbps, 5 Gbps and 10 Gbps with conventional networking cables. The best possible transmission rate is set automatically.

Please Note

To achieve a network speed of 10 Gbps, the host device must support USB 20 Gbps. The speeds with other interfaces are as follows:

• With a USB 10 Gbps host: ca. 7 Gbps
• With a USB 5 Gbps host: ca. 3 Gbps
