

## NoteCart Flex Extended 16

NoteCart Flex 16 is a mobile storage and charging solution for 16 devices.

NoteCart Flex is a mobile, compact cabinet for storage and charging of iPads, tablets, laptops, Chromebooks and similar devices. The 4 wheels on the NoteCart Flex series have been carefully selected to complement the rest of the design so that NoteCart rolls easily, regardless of weight of the many devices and the type of floor under the mobile cabinet. Wheels with ball bearings and soft rubber coating which, in use, maintain and restores the rounding of the wheel.

During operation, all electronics are stored in the locked compartment behind the cabinet, so that only the IT manager has access to them. A secure cable management system ensures that the cables stay in the cabinet once they have been installed. The main panel which divides power connectors into groups of 8, with sequential control with a 3 second time interval. This is to ensure unnecessary overloading when connected to the main switch.

## SOLUTIONS

- Designed for storage, charging and transport of up to 16 laptops (15"), Chromebooks, tablets, iPads or similar devices.
- The cabinet is sturdy and easy to transport on its rubber wheels, which have been thoroughly tested.
- Strong handles on the sides make it easy to push and move the cabinet.
- The cabinet has a cable system which ensures that the cables do not disappear and that they are stored clutter-free.
- The locks on the front and rear doors ensure that the devices are stored safely.

## DEVICES

Laptops (15"), Chromebooks, tablets, iPads and similar devices

See compartment dimensions on page 3.

## ACCESSORIES

NoteSecure

Item no. NC-O-SECURE

Mechanical combination lock

Item no. NC-O-CODE-MAN

Thermostat

Item no. NC-O-THERMO

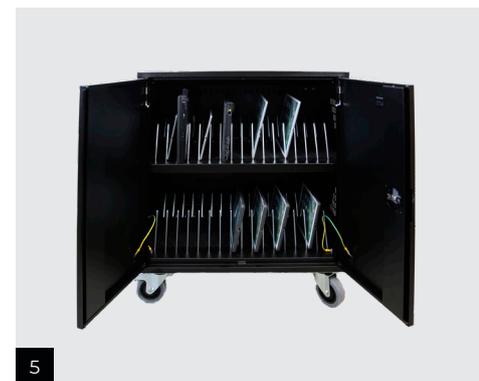

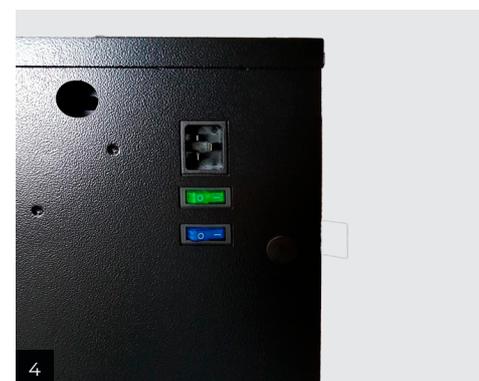

Timer

Item no. NC-O-TIMER2

## ITEM NUMBER

NoteCart Flex 16

Item no. NCF-E-16-SC

1. Storing, charging and transporting up to 16 devices on high-quality wheels with ball bearings.
2. Separate compartment behind the cart for storage of power supplies and power panels with up to 32 plugs.
3. Vertical storage of different devices.
4. On off main switch (blue) and accessory switch (green) for additional equipment (see manual).
5. Separate key lock front and on the back (2x2 keys included).
