i-tec Metal USB 3.0 HUB 1x USB 3.0 + 3x USB 2.0:

Los portátiles modernos tienen cada vez menos puertos USB. Y si necesita conectar a su dispositivo accesorios para los que ya no tiene suficientes puertos, puede utilizar este pequeño pero práctico concentrador.

Con este concentrador, obtendrá 4 puertos USB adicionales: un USB 3.0 estándar y tres puertos USB 2.0. Conecte un teclado y un ratón externos, transfiera datos o películas desde una unidad flash USB a velocidades de hasta 5 Gbps, o cargue sus dispositivos móviles (velocidad USB estándar de 0,9 A).

El Hub no requiere la instalación de controladores, sólo tiene que conectarlo con el cable USB y podrá empezar a utilizarlo inmediatamente. El Hub lleva incorporada una protección contra sobretensiones para su ordenador en caso de cortocircuitos en los periféricos. Gracias a su tamaño compacto y su peso ligero, podrá llevarlo siempre en su bolso; la superficie metálica protege el hub de daños y arañazos.
