Manufacturer item no.	C13T12814012
EAN/UPC	8715946624587

Description

Epson inks are manufactured using a high-tech production process. Why? So you'll have the highest quality inks possible to put in your Epson printer or all-in-one. Specially formulated to work with Epson printers and specialty paper, Epson ink delivers superior photographic-quality prints with true-to-life color and laser-sharp text.

Share your cherished photos with family and friends for generations to come. Combine genuine Epson ink with Epson specialty paper for spectacular photos that will last for up to 200 years. Independent tests also show that Epson prints last up to 4 times longer than lab prints.

Life is convenient with the individual ink cartridges because you only have to replace the color you need. If you're out of cyan, replace only the cyan cartridge and get back to printing ASAP.

Main features
