

TSP143IIU+

Classic USB receipt printer with Star quality and reliability

Key applications

- ✦ Traditional or Tablet POS
- ✦ Retail Receipts, coupons
- ✦ Hospitality Receipts, kitchen orders

Combining Star quality and reliability at an affordable price, the new TSP143IIU+ offers fast thermal receipt printing with simple drop in paper loading, *futurePRNT* features and all the features you need for retail and hospitality point of sale. Part of Star's best selling TSP100 printer range, the TSP143IIU+ includes Star's unique *futurePRNT* software providing an immediate plug & play application. This allows retailers to tailor and continuously modify all aspects of receipting output to meet their individual needs.

- Fast 200mm/s USB receipt printer with high quality guillotine cutter
- 80mm paper width with paper saving features
- USB interface
- Drop-In & Print paper loading
- Internal power supply
- Energy Star compliant
- Unique *futurePRNT* software included

Star *futurePRNT*™

Star's *futurePRNT*™ free-of-charge, value-added software far exceeds installation tools normally provided, enabling users to install highvolume, custom setups. Software tools include Receipt Re-Design Tool, Auto-Text Reversal™, Coupon Marketing Tool, Journal and Multi-Copy Tool and also offers free of charge access to Star Cloud Services including Star's Digital Receipt Service.
