

MPN: MMD8752/8GB

## 8GB (2 x 4GB), DDR2, 667MHz, DIMM, ECC/REG

Are you tired of your computer, mobile device or is it working too slow?  
Upgrade it with CoreParts.

- High Quality
- Tested and certified
- Matching Performance
- Reliable with 10 years Warranty

### Caractéristiques

|                         |                                                  |               |
|-------------------------|--------------------------------------------------|---------------|
| Autres caractéristiques | Capacité                                         | 8 Go          |
|                         | Nombre de broches                                | 240           |
|                         | Organisation des puces                           | 256*4         |
| Caractéristiques        | Configuration de module                          | 256M x 4      |
|                         | Couleur du produit                               | Vert          |
|                         | Disposition de la mémoire (modules x dimensions) | 2 x 4 Go      |
|                         | ECC                                              | Oui           |
|                         | Fréquence de la mémoire                          | 667 MHz       |
|                         | Latence CAS                                      | 5             |
|                         | Mémoire de tension                               | 1.8 V         |
|                         | Mémoire interne                                  | 8 Go          |
|                         | Support de mémoire                               | 240PINS DIMM  |
|                         | Type de mémoire interne                          | DDR2 PC2 5300 |
| Vendor information      | Brand Name                                       | CoreParts     |
|                         | Warranty                                         | 10 Année (s)  |
