

MPN: KIT833

3.5" SATA/SAS HotSwap Tray

For SATA drives with interposers (optional not required) the KIT839 (CC852) tray is required instead. SATA drives in the MD1000 require interposers KIT839INT and the KIT839 (CC852) tray.

- High Quality
- Tested and certified
- Matching Performance
- Reliable with 12 month Warranty
