Description

For professionals working in various fields and multi-taskers with high productivity who want extra valued features for efficiency and productivity - the Lenovo ThinkVision P24q-30 Monitor is the right choice to amplify your performance at work. The 23.8-inch QHD resolution IPS display makes it convenient to accommodate multiple windows without compromising clarity. Constructed with a 3-side NearEdgeless design, you get more screens without taking more space. Get vibrant images from any angle with 99% sRGB and 99% BT.709; together with average Delta E less than 2 color accuracy. Not just that, the HDR10 support delivers a realistic visual experience with video content. Expand the potential of your productivity by seamlessly connecting with external devices through a versatile range of connectors, including HDMI, DP 1.4, and USB ports. Experience a fast "Plug-and-Play" multi-screen experience with daisy chain (DP output). The Natural Low Blue Light technology reduces eye strain without color distortion so that you get long durations of screen time to get work done without any discomfort. The ergonomically designed stand comes equipped with tilt, lift, pivot, and swivel function - allowing you to adjust the monitor to the most comfortable height and angle for your viewing pleasure.
