Description

For 10 years now, the Window Vac WV 2 has been cleaning dirty windows with sparkling results. Kärcher has decided to mark this special anniversary by developing the 10 Years Edition of the WV 2 Premium. This Limited Edition in a yellow/black design is distinguished visually by the new metallic logo on its suction nozzle and the anniversary logo on the device side of the standard versions. In addition, at 35 minutes, the Limited Edition offers 40 per cent more battery running time than the WV 2. In combination with the spray bottle, the microfiber wiping cloth, detergents and a narrow suction nozzle, the highest level of efficiency and sparkling clean windows are guaranteed.
