

MPN: MOBX-IPO7GP-LCD-B

iPhone 7+ LCD Assembly Black

Only the phone's original home button assembly will be capable of using the Touch ID functionality. Installing a new home button will only restore ordinary home button functions, not the Touch ID features.

- This part does not include the home button assembly.
- You'll need to transfer this part from your old display assembly to your new part.
- This part does NOT include the front camera assembly, earpiece speaker, and the LCD shield plate.
- This part is made by original LCD and touch, and high copy glass and flex.

- High Quality
- Tested and certified
- Matching Performance
- Reliable with 12 month Warranty
