Description

Whether you're printing off school homework or flight tickets, this ink series with four-color dye inks provides a reliable, hassle-free solution. Looking for an ultra-low-cost printing solution? From the first set of ink included with the printer, you could save 90% on ink costs on average. It's not only affordable, it's impressive how many pages just one set can produce - up to 4,500 pages in black and 7,500 in color. Epson's ink bottles are easier to use than ever before with the next generation design. The re-engineered bottles provide mess-free refills, and only allow the correct color to be inserted into the corresponding tank.
